

## **SPEED WATCH ALL-OUT DAY JULY 2010**

Speed Watch All-Out day was on Tuesday 6<sup>th</sup> July. Volunteer teams in Staplehurst were out from 7am until 1pm in the High Street opposite Cornforth Close. Four different team leaders and many of our volunteers manned our equipment on this day.

We recorded 34 speeders in this 30mph zone, one at 46mph which means that the owner of this vehicle will be getting a letter from the police.

The police of rural Maidstone were supporting this day. They issued 14 fixed penalties and 28 warnings. In addition, PCSOs were also deployed using hand-held devices, recording speeds and passing information back to the police. Motorists passing through Mid-Kent may well have seen several parish schemes in operation.

The day was a great success in reminding motorists of the importance of observing speed limits and reassuring the public that road safety is a prime concern.

It is hoped to repeat an all-out day on a regular basis.

Thank you to all our volunteers who gave of their time.

Joan Buller  
Police Speed Watch Liaison Councillor
